# Hubei University 2024 Chinese Government Scholarship "High level postgraduate program" Admission Guide

### **Scholarship Content and Criteria**

Scholarship covers: tuition fees, accommodation, monthly stipends and comprehensive medical insurance.

#### **Application Eligibility**

- 1. Non-Chinese citizens, and in good physical and mental conditions
- 2. A bachelor's Degree holder aged no more than 35 for the Master's programs
- 3. A master's degree holder aged no more than 40 for the Doctoral programs
- 4. HSK level 4 or above for Chinese-taught programs

#### **Application Procedures**

- 1. Please register and submit materials on CSC application portal (http://www.csc.edu.cn/studyinchina)
- 2. Please also register and submit materials on Hubei University application portal (https://hubu.at0086.cn/student)
- 3. Deadline: March 1, 2024

### **Application Documents**

- 1. Application Form with signature for Chinese Government Scholarship (written in Chinese or English)
- 2. A scanned copy of Passport Home Page
- 3. Highest diploma (with notarized Chinese/English translations)
- 4. Official academic transcripts (with notarized Chinese/English translations)
- 5. Study plan or research proposal (1500 words, written in Chinese or English, with signature);
- 6. Two recommendation letters (written in Chinese or English);
- 7. Two sketches, two color paintings and two other works for the fine arts prgrams
- 8. A scanned copy of the Foreigner Physical Examination Form completed in English; (download from: http://www.campuschina.org)
- 9. Language qualification certificate

- 10. Pre-admission letter issued by Hubei University (Please contact us)
- 11. Non-criminal record report
- 12. Other documents

(awards, other scholarship, articles)

## **Major in Admission**

**Doctoral Programs (Duration:3 Years)** 

| Major   | Instruction Language |
|---|----------------------|
| Material Physics and Chemistry                    | Chinese or English   |
| Material Science                                  | Chinese or English   |
| Material Processing Engineering                   | Chinese or English   |
| Philosophy of Management                          | Chinese or English   |
| Materials Fabrication and Testing Technology      | Chinese or English   |
| Basic Principles of Marxism                       | Chinese              |
| History of Marxism Development                    | Chinese              |
| Marxism in Chinese Society                        | Chinese              |
| Ideological and Political Education               | Chinese              |
| Linguistics and Applied Linguistics               | Chinese              |
| Culture and Communication                         | Chinese              |
| Nanomaterials and Devices                         | Chinese or English   |
| Ethics  | Chinese              |
| Chinese Philosophy                                | Chinese              |
| Political Economics                               | Chinese              |
| Western Economics                                 | Chinese              |
| World Economy                                     | Chinese              |
| Economics of Population, Resource and Environment | Chinese              |
| Botany  | Chinese or English   |

| Zoology                           | Chinese or English |
|-----------------------------------|--------------------|
| Microbiology                      | Chinese or English |
| Genetics                          | Chinese or English |
| Biochemistry and Molecule Biology | Chinese or English |
| Plant Ecology                     | Chinese or English |
| Animal Ecology                    | Chinese or English |
| Restoration Ecology               | Chinese or English |
| Studies of Historical Literature  | Chinese            |
| Specialized History Studies       | Chinese            |
| Ancient Chinese History           | Chinese            |
| Chinese Contemporary History      | Chinese            |
| Mathematics                       | Chinese or English |

# **Master's Programs (Duration:3 Years)**

| Major   | Instruction Language |
|---|----------------------|
| Macromolecule Chemistry and Physics           | Chinese or English   |
| Material Physics and Chemistry                | Chinese or English   |
| Material Science                              | Chinese or English   |
| Material Processing Engineering               | Chinese or English   |
| Material and Chemical Industry                | Chinese or English   |
| Law   | Chinese              |
| Public Administration                         | Chinese or English   |
| Social Medicine and Health Service Management | Chinese or English   |
| Land Resource Management                      | Chinese or English   |

| Analytical Chemistry                            | Chinese or English |
|---|--------------------|
| Inorganic Chemistry                             | Chinese or English |
